

Cultivar evaluation of compact vegetables for patio and indoor gardening

VIRTUAL FIELD DAY: Wednesday, January 20, 2021 from 11 am to 1 pm EST

This virtual field day hosted by University of Florida will provide greenhouse growers with information on new compact tomato, pepper, and cucumber cultivars for patio and indoor gardening. Gain tips to produce great plants for the booming food gardening market in 2021. Presentations will be given by UF researchers and industry plant breeding specialists.

Join us on Wednesday, January 20, 2021 from 11 am - 1 pm EST to learn about key features of new cultivars that can be grown by the bedding plant industry for this expanding market.
